To whom it may concern,

I am writing to show support from Bleemo Music for the 'Under The Wood' project initiated by Gelareh Pour in 2020.

Bleemo Music has had the privilege of working with Gelareh on many projects, including album releases, live performances, tours and streams. Gelareh is a world-class musician and incredible project manager. To date, Bleemo Music has co-produced and distributed 4 full length albums with Gelareh and numerous other demos and live recordings.

Her understanding of what it takes to coordinate and execute the release of music to a high standard is second to none, she is meticulous in her delivery and considerate in her practice.

Gelareh also always makes sure to pay artists and workers correctly, something that I know she holds as very important in the creation of works.

The 'Under The Wood' project is exceptionally timed as many of the collaborators Gelareh has involved are struggling to find work. This project would see immediate work created for a wide range of people and provide further exposure to individual artists to fanbases they may not have previously accessed.

Bleemo Music is happy to offer in-kind support in the production of this album and in the online distribution of digital media.

If you would like any further information, please do not hesitate to contact.

Regards
